Supplies

- Staple Cartridges

Professional-looking booklets start with the desktop **FD 170 Booklet Maker**. This compact unit fits right into the office environment, yet is powerful enough to fold up to 15 sheets creating 60-page double-sided booklets at speeds of up to 800 booklets per hour. Leave the folded sheets loose or complete the process with saddle stapling and your documents take on a polished look.

Push-button paper size selection, staple-and-fold or fold-only modes, as well as photo-eye activated semi-automatic and start button activated manual operating modes, make the FD 170 easy to use and a welcome addition to your office.
